

ASSIGNMENT -

Define a problem statement and give a brief executive summary snapshot

- A] executive summary
- B] ~~problem~~ project description
- C] project scope

A] The Game company ~~evo~~ fox has launched a game after game launched, there are lots of bugs, glitches and ping issue found in the game so the company needs a website that players can report the problems, issues and bugs they are facing so with the help of website, the company can solve the problems of the players and gain a much better gaming experience.

B] The purpose of the project is to build a website, to resolve the problems related to the game.

Challenges - To make that website we need to add a feature that every players language and how much the capacity of players can access at the same time so the site doesn't crash.

c) project scope

goal = try to solve maximum players problems
and also add a voting feature so
that players can vote for upcoming
in-game items.

task = To develop a website and after
that develop an app so the
company can also add features
for ex free rewards for questions.

Deliverables : we have provide quick survey
for ex Analyses an most voted
issue in 2-3 week and solve
in a month.

Deadline : - we have to move the website in
2 to 3 months.
